OUR PHILOSOPHY

At Beau Soleil, we believe it's what you do that counts. This philosophy holds true in all that we do as staff and for our students. We are a community that believes in the power of action, engagement and participation, inside and outside of the classroom.

Our unique holistic education is built around four core values: Respect, Responsibility, Ambition and Determination, which provide a framework to community life for our international student body.

OUR COMMUNITY

Our location in the heart of Villars-sur-Ollon, offers an enviable lifestyle with access to skiing in the winter months and a multitude of outdoor and sporting activities throughout the year. Montreux, Lausanne and Geneva are all within easy reach for cultural adventures and inspiration.

The Beau Soleil campus is an inspiring place to work with facilities that are second to none. Our ongoing campus development and maintenance programme ensures that our students and staff thrive in an environment of which they can be rightly proud.

Our students come from over fifty different countries, with diverse academic backgrounds and a wide range of future aspirations.

With curricular programmes in both English and French, students graduate with an IB or Advanced Studies Diploma. Within this framework, small class sizes allow for a flexible programme and staff are encouraged and supported to bring new ideas to all that they do.

“One of the aspects of teaching at Beau Soleil that I appreciate most is that I am encouraged to be as creative as possible in the classroom: to try new projects; plan exciting cross-curricular opportunities; expand the learning beyond the classroom.”
